For the current quarter under review, the Group recorded a 21.9% decrease in revenue compared to the preceding year's corresponding quarter as a result of fewer ongoing projects after the completion of several projects. The revenue was mainly contributed by the Construction and Support Services Segment (RM40.2 million or 41.9%), Quarry Segment (RM55.2 million or 57.6%) whilst the remaining revenue was derived from the Property Investment, Green Energy and Development Segments.

The Group reported a marginal profit of RM0.004 million compared to a loss of RM0.61 million in the same quarter last year.

Construction and Support Services Segment

The division recorded a profit before taxation ("PBT") of RM0.53 million for current financial quarter compared to a loss before taxation ("LBT") of RM0.60 million in the preceding year corresponding quarter. This positive turnaround is mainly contributed by improved operational efficiencies and cost control measures.

Quarry Segment

The division recorded a marginal lower PBT of RM0.82 million versus PBT of RM0.90 million in the preceding year corresponding quarter. The decrease in PBT is mainly due to increased competition, despite achieving higher revenue.

Green Energy Segment

The division recorded LBT of RM0.19 million versus PBT of RM0.09 million in the preceding year corresponding quarter, mainly due to the land lease payment for development of LSS4 project

Development Segment

The division recorded a higher LBT of RM0.53 million versus LBT of RM0.03 million in the preceding year corresponding quarter, mainly due to the staff costs and administrative expenses.

Property Investment Segment

The division recorded lower LBT at RM 0.18 million versus LBT of RM 0.22 million mainly due to higher rental income generated.

Profit / (Loss) attributable to owners of the Company	4,499	(4,619,174)	100.1%

During the current quarter under review, the Group recorded a higher revenue of RM95.8 million versus RM92.9 million in the preceding quarter and a PBT of RM 0.45 million for current financial quarter compared to LBT of RM6.73 million in the preceding quarter.

PBT during the quarter under review was mainly contributed from the positive turnaround from the construction and the quarry segment.

Overall, the Group reported a marginal profit attributable to Owners of the Company amounting to RM0.004 million compared to loss of RM4.62 million in the preceding quarter.

B3. Prospects

Malaysia's GDP growth for Q3 2024 was 5.3%, slightly lower than the 5.9% growth in Q2. This steady overall growth in Q3 positions Malaysia favorably to reach the upper end of the government's annual GDP growth forecast, which ranges between 4% and 5% for 2024.

Bank Negara Malaysia has not raised the overnight policy rate and has maintained it at 3% since the last increase in May 2023. The rate is expected to remain unchanged throughout 2024, and this is expected to provide higher certainty for businesses.

The construction industry in Malaysia for 2024 is expected to remain challenging with the weakening ringgit, rising of construction costs and shortage of skilled labour. Despite these challenging factors, the Group is optimistic in the near term as the Malaysian government has allocated a total of RM180 billion for government and private sector projects for 2024.

As at 30 September 2024, total outstanding order book stands at RM277 million. The Group is continuously and actively seeking for more opportunities to bid for new contracts to grow its order book whilst at the same time focusing on timely completion of all on-going projects. However, bearing in mind of the intense competitive condition and high building material cost, the Group tenders very selectively to replenish its order book.

B. ADDITIONAL INFORMATION REQUIRED BY THE MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD (CONT'D)**B3. Prospects (Cont'd)**

The Group is optimistic to secure some of the government mega projects such as the Penang LRT project, Flood Mitigation projects in various states and also private sector projects with the aim to continuously deliver sustainable future profits.

On the other hand, the Group's green energy segment currently owns revenue generating rooftop solar assets of more than 1.2MWp, and also a 37.7MWp large scale solar farm in Kuala Langat, Selangor which has achieved commercial operation on 08 November 2024 and is now generating both revenue and profit for the Group. Coupled with continuous and more active business developments in the renewable sector, the Group is optimistic to grow this segment to contribute more positively and significantly to the Group's recurring income going forward.

In January 2024, the Group entered into a Joint Development Agreement with Perak Corporation Berhad to develop Silver Valley Technology Park on a 798.32 acre land in Kanthan, Perak, with an estimated Gross Development Value of RM1.0 billion, which is envisioned to be state-of-the-art industrial park. This joint development segment is also expected to contribute positively to the revenue and earnings of the Group in the mid to long term.

B4. Profit Forecast

The Group did not issue any profit forecast or profit guarantee during the current year to date under review.

B5. Taxation

The Group's effective tax rate ("ETR") for the financial year is lower than statutory tax rate of 24.0% mainly due to losses recorded by certain subsidiaries.

B. ADDITIONAL INFORMATION REQUIRED BY THE MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD (CONT'D)**B9. Material Litigation**

There is no pending material litigation involving the Group pending as at the date of this report, except for the following:

Spring Energy Sdn. Bhd. ("SESB" or "the Defendant") a wholly owned subsidiary of Spring Energy Resources Berhad had on 19 April 2021 received a Writ of Summon and Statement of Claim both dated 16 April 2021 filed by Zeti Ismrizan Binti Isa and 5 others ("Plaintiffs") under Shah Alam High Court Civil Suit No. BA-23NCVC-24/04/2021 (Suit 24).

Persatuan Penduduk Bukit Damar Dengkil and SESB entered into an agreement to construct the Link Road & Access Road and earthwork at Lot 281 & 282 of Kampung Bukit Damar. The Plaintiffs are claiming that the work carried out by SESB was done without their consent that the work has caused damages and/or variation to the quality or nature to their lands. Therefore, the Plaintiffs have filed the Writ of Summons and Statement of Claim against SESB to claim for the purported losses and/or damages suffered by them including the purported decrease in the value of their lands.

Pursuant to the Writ of Summons and Statement of Claim, the Plaintiffs are claiming from SESB for the sum of RM3,966,065.18 being the alleged specific damages suffered by the Plaintiffs due to the purported damages and/or variation to the quality or nature caused to their lands by SESB which carried out construction work without the consent of the Plaintiffs.

SESB has raised a Third Party Claim against Persatuan Penduduk Bukit Damar Dengkil, Dato' Mohamad Hussin bin Semail and Muhammad Faizal bin M. Hairi (hereinafter referred as "the Third Parties") to indemnify SESB for any losses and/or damages suffered by SESB as a result of the Plaintiffs' claim as the Third Parties have breached the agreement and/or failed to obtain the consent from the Plaintiffs and/or have fraudulently or negligently misrepresented SESB that they have obtained the consent from all the landowners of Lot 281 and Lot 282 for SESB to commence the work. The Third Parties filed an application to strike out SESB's Third Party Claim on 6 August 2021 ("Strike Out Application").

On 3 November 2021 at the hearing of the Strike Out Application, the High Court has allowed the Strike Out Application due to technical irregularity and the High Court had fixed the case management on 17 November 2021 for the main suit.

The Court had during the case management on 17 November 2021 directed the parties to file and serve 'Tabulated Summary of parties positions and arguments on the issues and sub-issues' and submit list of witness and Witness Statement by 4 January 2022. The Court then fixed the next case management on 6 January 2022 to fix the trial date.

B. ADDITIONAL INFORMATION REQUIRED BY THE MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD (CONT'D)**B9. Material Litigation (Cont'd)**

During the case management on 17 November 2021, SESB has also informed the Court that SESB will file an appeal against the High Court's decision in striking out SESB's claim against Dato' Mohamad Hussin bin Semail and Muhammad Faizal bin M. Hairi would file a leave application to add Persatuan Penduduk Bukit Damar Dengkil as Third Party to the Main Suit.

SESB then filed Notice of Appeal in Court of Appeal on 18 November 2021. The case management for the Appeal was fixed on 7 January 2022.

On 30 November 2021, SESB filed in Shah Alam High Court the Notice of Application to seek leave to add the Persatuan Penduduk Bukit Damar Dengkil as Third Party and the Affidavit in Support ("Leave Application"). The Court had fixed the case management before the Judge on 17 December 2021.

During the case management on 17 December 2021, the Court fixed the hearing for the Leave Application on 6 January 2022 before the Judge. The Court had on 6 January 2022 disallowed the Leave Application and fixed the Trial dates on 21 July 2022, 22 July 2022 and 25 July 2022, during the case management.

SESB had on 9 February 2022 requested to withdraw the appeal and the Court has vacated the hearing on 10 March 2022 as the Parties reached a consensus for withdrawal with costs of RM500 to be paid by SESB. Further, SESB initiated a new proceeding against Dato' Mohamed Dahan Bin Abdul Latif, being sued in the capacity of the Chairman/Office bearer for Persatuan Penduduk Bukit Damar Dengkil for breach of contract and against Mohamad Hussin bin Semail and Muhammad Faizal bin M. Hairi under the tort of deceit and misrepresentation. The Writ of Summons and Statement of Claim were filed on 8 March 2022, under Suit No. BA-22NCVC-99-03/2022 ("Suit 99").

On 15 July 2022, High Court allowed the consolidation application by SESB with cost in the cause and Suit 24 will be transferred and consolidated with Suit 99 (the Suit against Third Parties) and will be heard by YA Dato' Dr Choo Kah Sing. Therefore, the trial dates that were initially fixed on 21 July 2022, 22 July 2022 and 25 July 2022 have been vacated and new directions in respect of this matter will be given.

The Third Parties have filed the striking out application and the Court has originally fixed the hearing date on 5 April 2023. The hearing date was later vacated by the High Court and rescheduled to 27 March 2024. The Court has on 27 March 2024 dismissed the striking out application filed by the Third parties with costs of RM3,000 to be paid by the Third parties. The Court has also fixed the trial dates for this matter on 11 to 22 November 2024.

The Court has vacated the trial dates that were previously fixed on 15 November 2024 and 17 February 2025 and directed that the trial will proceed on 18 February 2025 to 20 February 2025. The Court has further fixed six additional trial dates on 24 February 2025 to 26 February 2025 and 5 May 2025, 7 May 2025 and 8 May 2025.

- **Renewable energy milestone:** Successfully achieved commercial operation of the 37.7MWp large-scale solar farm in Kuala Langat, Selangor on 8 November 2024, now contributing to both revenue and profit generation.
- **Growing demand for CLQs:** Anticipates a surge in demand for high-quality Centralised Labour Quarters driven by increasing pressure on companies to comply with the Employees' Minimum Standards of Housing, Accommodations, and Amenities Act 1990 (Act 446).

KUALA LUMPUR, 27 November 2024 – Earthworks and civil engineering services specialist, **Advancecon Holdings Berhad** (前进控股有限公司) (“**ADVCON**” or “**the Group**”) today announced its third-quarter results for the financial year ending 31 December 2024 (“**Q3 FYE2024**”).

For Q3 FYE2024, ADVCON recorded a **Profit Attributable to Owners of the Company of RM0.004 million**, marking a significant turnaround from the **RM0.61 million loss** in the same quarter last year, representing an impressive **101% increase** year-on-year. Concurrently, its Profit Before Tax also grew by RM0.09 million or approximately 26% to RM0.45 million. Despite this improvement, the Group reported **revenue of RM95.81 million**, a decline of **RM26.84 million or 22%** compared to last year.

Commenting on its performance, **Group Chief Executive Officer Dato' Phum Ang Kia** (“拿督潘红仔”) said, “Our revenue for the quarter reflected a temporary dip due to the completion of several key projects, leading to fewer ongoing projects during this period. However, our **Construction business segment remains a robust growth driver**, contributing **RM40.2 million**, or **41.9% of the Group's revenue**, for the quarter under review.”

“At the same time, we are excited about the growth potential of our other business segments, **particularly the green energy sector**. The recent **commercial operation of our large-scale solar photovoltaic farm** on 8 November marks a significant milestone, as it is now **actively generating both revenue and profit** for the Group. Looking ahead, we aim to **expand our renewable energy portfolio to 50MWp in the coming year and are exploring other green energy opportunities**, including hydro projects, to further solidify our position in the sustainable energy space,” added Dato' Phum.

The Group's Development business segment which focuses on the construction of centralised labour quarters ("**CLQs**") continues to advance steadily. Following the successful completion of Blocks A and B at Asrama Murni Jelapang, Ipoh, the Group is set to refurbish two additional blocks, C and D, to meet the growing demand. With increasing pressure on companies to comply with the Employees' Minimum Standards of Housing, Accommodations, and Amenities Act 1990 (Act 446), the Group anticipates a surge in demand for high-quality CLQs, further strengthening its position as a key provider in this essential market.

For the nine months ended 30 September 2024 ("**9M FYE 2024**"), the Group recorded revenue of RM282.71 million, reflecting a decline of approximately RM70.40 million or 20% compared to the previous year. This performance is attributable to the timing of project completions and fewer ongoing projects during the period. Consequently, the Group reported a Loss After Taxation of RM19.06 million and a Loss Before Taxation of RM18.81 million.

Despite these challenges, the Group remains focused on strengthening its core business segments while seizing opportunities in the renewable energy and development sectors. By leveraging its expertise and prioritising sustainable growth initiatives, the Group is confident in its ability to drive long-term value creation and profitability for its stakeholders.
